Letter No. 1525 dated 18th June 1894
from the Dy. Commr, Bangalore Dist.

In his letter No. 3548
242
dated 3rd March 1893, the
Inspector General of Forests
and Plantations in Mysore
solicited sanction to the ap-
propriation for the purpose of
a Forest Reserve of 210 acres
of land out of grant survey
No. 1 in the Mandibee
Village, Kustanaholi of
the

the Seranbuli Taluk ²

2. The Deputy Commissioner
Bangalore District was ^{thereupon} asked
to depute either the Jamabundi
officer or an officer of rank
not inferior to an assistant
Commissioner to examine
on the spot the objection of
the Villagers and to report
the result with a statement
showing approximately
the ~~numbers of~~ different
kinds of trees standing
on the land in question
together with his opinion
whether the sandal and
other trees would suffer
by the land continuing
to remain as gomal.

3. The Deputy Commissioner ^{now}
submits the following statement:

This office No. 17, 57

From, Y. Ricketts Esquire,

Inspector General of forests
in Mysore.

To

The Chief Secretary
to the Government of Mysore

Sir,

I have the honor to forward
for sanction of Government an
alienation statement of Gomal
lands proposed to be taken up
by the forest department in the
Hauda bel' village of the Devan:
halli Taluk in the Bangalore
district, received with the Deputy
Commissioner's docket no. 2338
dated 13th ultimo, (copy enclosed
for reference). It is reported
that out of 556 acres and 4
gunbar

quintas of land allotted to the
 Ryots at the Survey Settlement
 of the Taluk, as Mufat Gonal
 for their Cattle, a portion,
 viz: 210 acres, is covered
 with a large number of
 Sandalwood and other
 trees, which, it is highly de-
 sirable to conserve and also
 improve. It will be seen
 from the Deputy Commissioner's
 docket that the remaining portion
 is ample to meet the require-
 ments of the Village Cattle,
 though the Ryots are unwilling
 as usual to part with any land
 originally assigned to them
 during the Survey Settlement.

I have the honor to be,

Sir,

Your most obedient servant,

W. H. H.

Inspector General of Forests

1893 .

From The Deputy Commissioner,
Bangalore district.

To The Inspector General
of forests and plantations.

Dated 13th February.

Enclosures No. 1

General No.

R. No. 2338.

His despatch no. 1298/75 dated
20th July last, regarding
certain Gomal lands
proposed to be taken up
for sandal reproduction
in the Mandahale village
of the Devanahalli taluk.

In forwarding, herewith,
a statement giving the
number of cable &c.,
has the honor to state
that the remaining portion
of Gomal land, viz.
346 acres 4 buntas,

insufficiency of assessed waste
lands which measure 45 acres
23 quintas, is reported to be suffi-
cient to meet the requirements
of the village Cattle detailed
in the Statement at the rate of
60 acres for every hundred
head of Cattle.

2. The villagers, no doubt,
object to the proposal, but the
Amildar reports that it is not
uncommon with them to refuse
to part with any portion of bonal
land assigned to their village
during the Survey Settlement.

In Answer

To by Commissioner

M

Reference: Deputy Commissioner's L^o: 8178 of the 26th April, 93, giving cover to the Government Proceedings L^o: 15151 of the R^o: 2192

15th April 1993, on the subject of a portion of Gomal land attached to Mandihale village, being taken up for the purpose of the Forest reserve.

2. This morning, I inspected the Gomal land in question with the Amildar and the villagers. It is 6 miles to the North East of Devanahalli and close to Mandihale village. The total extent is little less than a square mile, being 556 Acres and 4 Guntas.

3. The portion to be taken up, consisting of 210 Acres is covered with scrub-jungle while the other portion extending over 346 Acres is open plain without trees.

4. Among bushes and scrub, the jungle consists of the following kinds of trees:—

1. Juggali 2. Bilwara 3. Pilepally
4. Kara 5. Hindaplie 6. Karodi
7. Sandal.

5. About 1000 Sandal trees aged 5 to 20 years stand scattered here and there in the jungle. Because

of spontaneous growth the soil seems favorable to sandal trees. In a similar Gomala land attached to Zayenpor about $\frac{1}{2}$ miles from the one in question, it is said that there are about 4 or 5 hundred sandal trees of spontaneous growth.

6. Under the orders of the Amildar the village Talavara (Munega) has been keeping watch at the jungle for some time past.

7. I questioned the villagers on the spot to state if they had any objection to the making over of the jungle portion to Forest Reserve. They said that they had no objection, provided they were allowed to cut and remove firewood, as heretofore. In my opinion the removal of head load of dry wood may be permitted, under a pass granted by the Village Patel.

8. There are only 575 cattle in the village and there is a ~~path~~ way leading to the Maidan portion -

portion of the original land which lying
to the West and North of the jungle
portion, is, in my opinion more than
sufficient for the village pasture.

9 The proximity of the jungle to the
village is open to the village cattle
frequently straying into it. It is there-
fore desirable to demarcate the
jungle land by digging a trench all
around and planting a low hedge

Office of the Inspector General of
Forests and Plantations in Mysore
Bangalore 7th May 1895

From

The Inspector General of Forests
and Plantations in Mysore

To

The Chief Secretary to the Government
of Mysore.

Sir,

In reply to your letter No ¹⁴⁵⁷³_{R.F. 21-92} dated 12th
instant, I have the honor to state that
I am not only prepared to comply with
the wishes of the Villagers to remove dry
wood on head loads on passes as suggested
by The Ist General Assistant Commissioner
of the Bangalore District, which however,
will not be much of a concession seeing
that the quantity of dry wood will be but
small, but would go a step further and
concede to the Villagers the privilege of
cutting (not grazing) and removing the
grass growing in the reserved portion.

2. It will likewise be necessary to dig
a trench and plant an aloe hedge around
The

2//
the reserved area so as to effectually prevent
the trespass of cattle, not only in the interests
of Conservancy, but of the Villagers also,
in connection with the annoying incidents
attached to Cattle pound.

I have the honor to be,
Sir,
your most obedient Servant,
Thos Pitts
Inspector General of Forests.
